

## **Participating Hearing Aid Network Expands**

Members and dependents of all three CSA Welfare Funds now have additional choices for participating vendors if they need a hearing aid. The Welfare Funds have recently contracted with the HearRx chain as a participating vendor. This adds 150 stores in New York, New Jersey, Florida, California, Ohio, Michigan, Massachusetts, and Missouri. Each of these stores will welcome your hearing aid voucher and provide additional services. Should you experience problems with one of the HearRx stores the Welfare Fund will likely be able to have it resolved in your favor. Please see the CSA Welfare Fund website, [www.csawf.org](http://www.csawf.org), for a complete list of these new participating stores.
