

Pre-Retirement Health Benefits Workshops Scheduled

Pre-retirement workshops have been scheduled for those members considering retirement this spring. These workshops discuss what you need to know about your city-provided health benefits and Welfare Fund benefits as a retiree, and review the process to be followed in converting from in-service to retiree-status. These workshops are directed toward Department of Education members ONLY. Seating is limited depending upon the session requested, so please call the Welfare Fund at 718-624-2600 to reserve your seat early. If you find you cannot attend your scheduled workshop, please call the Welfare Fund as soon as possible so we may make your reservation available to a fellow member who may be on a waiting list. All workshops will start promptly at 4:00 PM.

Workshops are scheduled for:

CSA Central Office
